

Union Controversy On Council Agenda

Union Leader Harry Crocker today criticized the city council for "jeopardizing the individual rights" of police officers who have been barred from joining the newly-formed Daly City Employees Union.

Crocker, executive secretary of the Peninsula Public Employees Council, American Federation of State, County and Municipal Employees, said that he would attend Monday's council meeting to state his objections.

Although a present police department regulation already has been interpreted as barring police officers from union membership, the item is again expected to appear on the agenda Monday night.

Also due to be aired at the meeting is the advisability of allowing firemen to join the union.

Include Firemen

Crocker declared that he will also raise objections should the council bar firemen from membership in the organization.

"I cannot believe that the city council, in good conscience, could make any move to jeopardize the individual rights of any city employee," he added.

Disclaiming any intention of "criticism," Crocker stated that the interested persons should be given a right to be heard.

Meanwhile, the official announced that the five police officers who had taken membership in the union have received honorable withdrawal cards.

"This was done, not because we agree with council policy, but rather to erase the threat of removal from their jobs," Crocker explained.

Police Officer Charles Munday, who had been serving as president of the newly-formed group, has been replaced by Vice President Barbara Galindo.

Fifth grader MARY JANE WALTON, daughter of Mr. and Mrs. JAMES WALTON who were burned out of their home at 108 Knowles avenue earlier this year, was one of many youngsters who submitted entries in the Fire Prevention Week poster contest.

But Mary Jane didn't quite get the idea of the whole thing.

Her poster urged in big, bold, hand-clipped letter, "Don't Prevent Fire."

Judges did not pick any honorable mention prizes for eighth grade posters, because only five entries were submitted, as compared with the 30 and 40 entered by the lower grades.

Educators present were somewhat appalled by the lack of interest at the eighth grade level and could only shake their heads in dismay.

JESD Slates Site Confab With McKeon

Builder George McKeon, developer of the proposed 276-acre St. Francis Heights subdivision, is scheduled to appear before Jefferson Elementary School District trustees Wednesday to continue discussions on school sites. Superintendent H. Z. Weibel announced Wednesday night.

McKeon announced his willingness to "cooperate fully" with JESD officials Tuesday when he attended a meeting of trustees and city councilmen on annexation plans.

Site Needs

Projecting on a five-year enrollment basis, trustees are seeking at least three 10-acre sites on the property. They hope to secure a definite commitment from McKeon before public hearing on the annexation is held November 12. The district's formula calls for one school per 630 homes, and McKeon is planning 2500 homes for the subdivision.

Meanwhile, trustees are speeding talks with Henry Doelger on the Abraham Lincoln site and the Benjamin Franklin addition.

Weibel said the state division of architecture have approved plans for the new Vista Mar and Vista Grande schools and Architect Mario J. Ciampi is making suggested revisions. The district expects to advertise for construction bids on December 1. Weibel re-

DC Pledges Aid In Quest For Schools

A set of "guiding principles" for acquisition of school sites in territories newly-annexed to Daly City was agreed upon Tuesday night at a joint meeting of the city council and Jefferson Elementary School district trustees.

The council agreed to do everything in its power to guarantee adequate school sites before annexation, but balked at a proposal by district Superintendent H. Z. Weibel to "withhold" annexation unless property for school buildings was provided by subdividers.

Trustee Michael Callan said the school board would draw up a set of "fair guiding principles" on annexation to present to the city hearing on the McKeon annexation November 12.

Meet Further

In the interim, the council asked the board to meet further with George McKeon to "iron out" exactly what property would be needed in the 276-acre annexation and arrive at a "nominal" price for the land which would allow McKeon something for appreciation of his property.

For the most part the session was harmonious, as the two governing bodies touched on annexation (Continued on Page 2)

McKeon Serves Notice To Quit Dump

Daly City Scavengers found themselves in a desperate situation today with a 30-day notice to vacate their present dump in one hand and still no solution to finding another dump in the other.

George McKeon, whose firm owns the site where the scavengers are presently dumping, told the county board of supervisors Tuesday that he has given the Daly City company 30 days in which to vacate the land. McKeon plans to start grading for St. Francis Heights subdivision shortly thereafter.

Few Days Leeway

Meanwhile, supervisors continued consideration of the controversial Pedro Valley fill and cover site until November 8, leaving the scavengers a few days leeway.

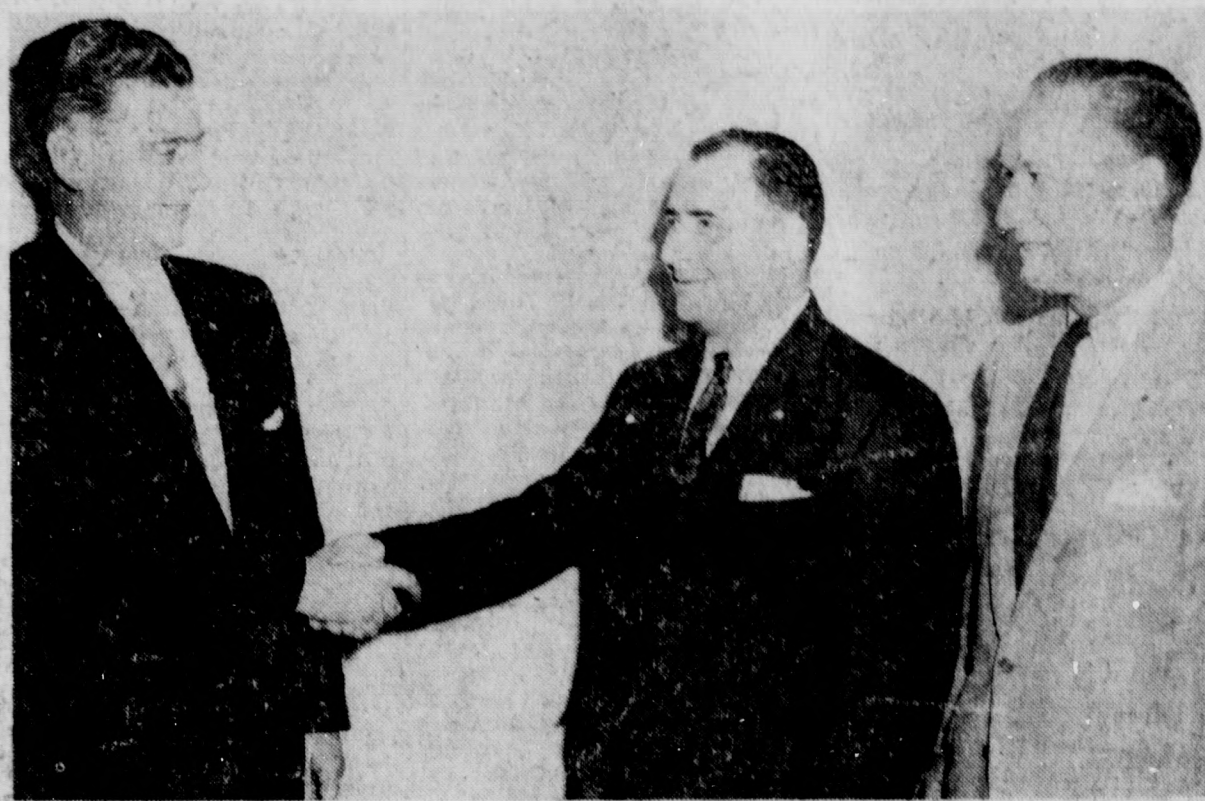

Although officials of Daly City, South San Francisco and San Bruno have been asked to attend the November 8 meeting to discuss possibility of forming a north county garbage district, success of such a venture appeared remote today.

Scavenger Attorney Conrad Reich declared that although his clients will be "glad to cooperate," he doubts that South San Francisco will be willing to lease their property to control of a district.

Mayor Opposes

Definite opposition to formation of a district was voiced by Mayor Joseph J. Verducci, who said he spoke for the majority of the council.

"It would not be wise to foster another taxing entity when none is necessary," Verducci stated. "It would practically put the city in the garbage business, where free (Continued on Page 2)

DC Boy Awaits Hearing On Shooting Of Friend

Charles Hanley, 16-year-old Daly City youth, was still being held at press time today at Hillcrest Juvenile Home where he is awaiting hearing on the apparent accidental shooting of his best friend Saturday afternoon.

Hearing before Superior Judge Aylett R. Cotton is scheduled for October 31. According to juvenile probation officers, manslaughter charge against the boy will probably be dropped if the judge determines negligence.

So far, there is no evidence to indicate intent, juvenile authorities said.

Judge Cotton, who Wednesday reversed Chief Probation Officer John S. Cowgill's refusal to allow Hanley to attend his friend's funeral, may order Hanley released on his own recognizance before the hearing.

Jeff Student

Victim of the tragic shooting was Everett Kimes, 15, a Jefferson Union High school student of 255 Abbot avenue. Scene was Hanley's home at 382 Willis street, where Kimes was spending the weekend.

According to Police Inspector Bruno Conci, the fatal accident occurred when the boys attempted to emulate the "quick draw" of a weapon as portrayed on a western television program.

Without realizing the gun was loaded, Hanley took a .22 caliber revolver from its hiding place under his father's mattress and donned a cowboy outfit. Re-entering the living room, the youth playfully imitated the TV cowboys' amusement of his companion.

Kimes then insisted it was his (Continued on Page 2)

Promote Firpo To Manager Of Portola Branch

Personable Joe Firpo, assistant manager and member of Bank of America's Daly City Branch at 6298 Mission street the past 25 years, last week was promoted to manager of the Portola District Branch in San Francisco.

In making the announcement, President S. Clark Beise said Firpo succeeds William P. Lowellyn, who is retiring after 31 years at the Portola Branch, 16 of them as manager.

A native of Italy and a graduate of San Francisco schools, Firpo joined the Bank of America at the North Beach Branch in 1923 and served briefly at Columbus avenue before moving to Daly City in 1931.

He was promoted to assistant cashier with operations and installment credit lending duties in 1946 and advanced to general lending assignments in 1952.

Firpo is past president of the Italian Catholic Federation and Salesian Council No. 565 of the Young Men's Institute and holds membership in the Italian-American Club of Daly City-Colma and the Knights of Columbus. He also is active in the Red Cross, United Crusade and the National Foundation for Infantile Paralysis.

With his wife, Emma, Firpo lives at 1170 Silver avenue in San Francisco. They recently celebrated their 29th wedding anniversary.

Manager Lou Pisani said that John J. Demartini has taken over Firpo's post at the Daly City Branch.

RE-WRITING THE BROWN ACT

In an opinion given through county superintendent of schools James Tormey's Administrative Bulletin, District Attorney Keith Sorenson says that he thinks school districts have a right to hold closed meetings on issues involving purchase of property.

This subject was touched on in the administrative bulletin in answer to a question which was made by one of the local school districts.

The question was: "Are meetings on sites privileged under the law so that the board may have caucuses regarding them? Newspaper people claim they have a right and the public has a right to attend such meetings."

We are the newspaper referred to, and we have consistently maintained that any closed meeting other than one which deals with a personnel matter is in violation of the Brown act prohibiting star chamber sessions of public bodies.

Even in his broad interpretation of the Brown act to allow caucuses sessions on property matters, the district attorney carefully opens his statement by qualifying it: "While the matter is not free from doubt, in our opinion your board of trustees may discuss prices to be offered or paid for real property to be acquired by your district at study meetings not open to the public."

Even the district attorney's statement admits to the fact that, "The Brown Act...makes specific provisions for executive sessions to consider the employment or dismissal of employees or officers, at which sessions the public may be excluded. The said section provides the sole express exception to the rule that all meetings of such bodies shall be conducted in open and public meetings."

But the district attorney then maintains that to divulge information on property acquisition in cases involving litigation, the case of the district might be prejudiced by putting the information in the hands of an adversary.

In other words, it is all right to sacrifice the citizens constitutional right, to know as long as the district is building itself up a good case in event it ever has to go to court.

If the district attorney can find one exception to the Brown act, it won't be long before he and school boards will be arriving at others, until this legislation designed to eliminate closed sessions will revert to a carte blanche permit for behind-closed-doors tactics.

We feel the local elementary school district has already gone too far in its interpretation of the Brown act and has held closed sessions on matters lawfully meant for public consumption.

In espousing the school district's attempts to exclude the public from what should be open sessions, the district attorney is doing the people and himself a dis-service.

He has not made an interpretation of a law. He has re-written it.

it's going to take off.
The foreign car looks just like a helicopter with its wings clipped.

Now that Burlingame council has approved, in a 3-1 vote, the one-cent municipal sales tax, watch for other cities, including Daly City, to abandon the kid gloves and start plumping for the measure.

Annexation of the McKee properties to the North San Mateo County Sanitation district was on the agenda for Tuesday's board of supervisors meeting, but was crowded off because of other business.

Proponents of the annexation are saying that the board intentionally moved the matter off the agenda and will stall for as long as possible.

Ask Sewage Annex Okay By County

(Continued from Page 1)
The county board. Thus if Callan is successful in convincing fellow supervisors that present terms would be disadvantageous to the entire district, the annexation may fail.

Argument
Argument over the McKee property centers around payment of transmission lines. The Daly City council, with the exception of Sanford Vickers who was ousted from his post on the sanitation board, contend that the district should bear the cost.

County supervisors failed to act Tuesday on the annexation of the McKee properties to the North San Mateo County Sanitation district, removing the item from the agenda reportedly because of a heavy schedule.

George McKee, developer, says he is forwarding the county clerk a registered letter asking that the matter be placed on next Tuesday's agenda.

Vickers and Callan maintain that McKee should finance the lines running from his property line to the existing trunk line. In order to assure an affirmative vote on the annexation, the council removed Vickers from his post and named De Bernardi in his stead.

In the letter to supervisors, it is stated that "no new properties will be added to the district that will in any way effect the taxpayers."

"The present owner has consented to work out to the district's satisfaction all problems of an unforeseen nature that could feasibly arise," the letter continues.

tion and other subjects of mutual interest, but McKee and Trustee Hartley Appleton clashed at several points in the meeting.

Appleton threatened to start condemnation for the McKee land if the district didn't get a commitment in writing from the developer.

"I don't understand what you're getting at," said McKee in an irritated tone. He then read a letter from the school board dated October 4 expressing complete satisfaction with the negotiations with McKee and lauding him for his cooperation.

"What Else?"
Explaining that he had agreed to provide the necessary land at a price to be mutually agreed upon, McKee asked, "What else can we do?"

As of now, the district has tentatively settled on a seven-acre site for the Margaret Pauline Brown school off Edgemoor road. It will house 500 children.

McKee said no price could be arrived at until his development plans were completed. Weibel's proposal that Daly City withhold annexation unless a subdivision shows evidence he will provide school sites was frowned upon by the council. City Manager Howard Stites said such a stipulation would be a "club hand" over the subdivision. The manager held for negotiation in favor of such a drastic measure.

Mayor Joseph Verducci expressed accord with the idea that the school district present a group of "guiding principles" which the council could refer to on annexations.

Other Problems
Other problems discussed by the two boards included joint use of recreation and library facilities, and the possibility of the city adopting an ordinance against "sex and horror" books, suggested by Trustee Joseph Lowkowitz. The trustee also called for remedial action on the dangerous traffic situation at Knowles and Miriam streets.

Trustees agreed to set policy on what amount the district should contribute to improving Market street east of Hillside boulevard adjacent to Colma school.

The council said it would cooperate with the school district in efforts to have underpasses established at Skyline boulevard at the Westmoor and Westridge intersections.

At Tuesday's meeting, supervisors heard pro and con arguments on the Pedro Valley dump for two and a half hours before continuing until November 8. Petitions asking that the site be approved bearing 4372 signatures were presented by Daly City.

The 15-year-old fell lifeless.

Officers were unable to reach Mr. and Mrs. Kenneth Burch, Kimes, mother and stepfather, until Sunday. Mrs. Burch then told Conci that her son had vetoed accompanying them to Merced in favor of spending the weekend at the home of his friend.

Funeral services for the youth were held Wednesday morning from W. C. Lasswell and company, Mass followed at Holy Angels church. Interment will be in Exeter, California.

Bullis Suit
Trustees next Wednesday also are expected to consider purchase of the Bullis property adjacent to Vista Mar school. The owners last week filed a \$25,000 damage suit against the district due to soil erosion difficulties resulting from last winter's rains. State officials advised trustees to buy the property at 932 Bradley drive, and the Bullis' verbally have stated their interest to negotiate.

The pair had left the Louisiana post for two weeks' leave but failed to return October 2, police said.

Trustees decided to delay slope stabilization at Vista Mar school after rejecting five bids, ranging from \$37,000 to \$50,000 as "too high."

First Grader
Mr. and Mrs. Harold Lawrence, 598 N. Nimitz avenue, told THE RECORD they will go before trustees again Wednesday to get a decision on the re-admission of their son to the first grade at Woodrow Wilson school.

The child was forced to withdraw last month when the district notified a registration error on his age. He was mistakenly promoted to first grade upon completion of kindergarten here, although lacking almost two months of being 5 years and 9 months before September 1 as required under state law. Trustees referred the matter to the district attorney for an opinion and the latter said the district must abide by state regulations.

In other business next week, trustees will act on the request of Temple Judea to lease the Westlake school for Sunday services over an indefinite period. Rabbi Leo J. Stillpass sought approval last week to alleviate overcrowded conditions at the present temple until the new church is built.

Policy Meet
Trustees held another study session Wednesday night to consider additional revisions in the district's policy handbook.

They recommended:
1. Calling a special study session within the next few weeks to review the district's insurance program.

2. Instituting a meeting with JESD custodians on providing uniforms to add "dignity and identity" to custodial workers.

3. Maintaining the current practice that the district should pay for sample ballots on all trustee elections unless supplied by the county.

4. Rewording policy to read that no change orders on building contracts could be authorized without trustee action.

5. Authorizing that all rejected contractor bids may be inspected by individuals the day after they are opened, at the convenience of the district.

with old houses aren't paying their just share now."

Chamber Protests
Three members of the Daly City Chamber of Commerce, President H. H. Smith Jr., Peter Markovich, executive secretary, and William J. Sweeney Jr., director, questioned the mayors on the tax and expressed the Chamber's opposition to it.

Smith argued that, "The city hasn't said it will cut property taxes. We never got anything from the council on what the money is going for. But we're not going to take an adamant stand now until we can analyze the facts."

Markovich held that the issue should go before a vote of the people, while Sweeney, a local auto dealer, said the city now has an advantage over neighboring San Francisco in auto sales because of the higher tax in San Francisco. Imposing the sales tax here, he said, would eliminate the local dealers' advantage and result in loss of dollars to the community.

Williams maintained that, "This tax is not going to hurt the working man. We're going to reduce property taxes by 50 per cent. The people from outside the city will help finance city government with tax paid on merchandise purchased in our city."

Williams said the sales tax would bring his city an estimated \$314,000 a year in revenue.

\$248,000 For DC
Daly City would receive about \$248,000, according to retail business figures for 1955.

Rooth said, "We won't stipulate we're cutting property taxes 50 per cent, but it'll be almost that much."

"I think the sales tax is fair and I didn't get one call in opposition after the story broke Tuesday on the council's decision to back the tax," Rooth said opposition to the tax was "dropping off."

Ford declared, "How you raise the money is relatively unimportant. The cities need the money and the sales tax makes it easier on a pay-as-you-go basis."

DC SOLDIER, FRIEND ARRESTED HERE ON AWOL CHARGES

A 31-year-old local soldier and his Oklahoma City companion were turned over to Armed Forces Police Monday after they had been reported AWOL from Louisiana since October 2.

Daly City Police Officer Charles Munday arrested Billy E. Graves, 43 Partridge lane, at his home Monday afternoon. Shortly thereafter, Graves' companion, William W. English, 44, of Oklahoma City, surrendered himself at the police station.

The pair had left the Louisiana post for two weeks' leave but failed to return October 2, police said.

Renew Efforts To Establish Uniform Wages In N. County

Councilman Paul Hupf of Daly City was named last Thursday to head a committee on wage standardization for the North San Mateo County Council of Cities.

The perennial topic of uniform salaries in all cities was brought to the fore again at the North County Council meeting held in San Bruno.

This year's series of varying wage increase in north county cities drew criticism from many councilmen and prompted the Cities' group to again urge creation of a uniform salary policy.

Serving on Hupf's committee will be John Newton of Colma, Milford H. LoFeaux of San Bruno, Douglas W. Morgan of Millbrae, Leo Ryan of South San Francisco and L. B. Morgan, Burlingame.

MEASURE TO GAIN \$400,000 GAS TAX FUNDS UNDER STUDY

City Manager Howard Stites proposal to secure \$400,000 a year in gasoline tax apportionments out of the county and equalize tax money to needs commanded attention of city officials last Thursday at the North County Council of Cities meeting in San Bruno.

Mayor Joseph Verducci of Daly City was named to a committee to investigate the proposal, along with Mayor James V. Fitzgerald of San Bruno and Councilmen Webb L. Witmer of Millbrae and John Newton of Colma.

Stites pointed out that under a share-the-wealth plan now operated in Alameda county, part of the county's gas tax share is paid to cities on the basis of road mileage and population.

Stites warned, however, that the cities must put their "undivided support" behind the measure, or the board of supervisors would not agree.

Juvenile Vandals Raid Walton Home

The James Walton home, now under construction at 108 Knowles avenue, was raided last weekend by juvenile vandals, according to Peter Markovich, chairman of the project.

A new home for the Waltons, who were burned out of their former residence last Spring, is being built by a group of civic minded persons.

According to Markovich, the vandals cut 16 strands of wire and kicked in sheet metal heat registers. Damage, including cost of duplicating the labor, is estimated at \$40, he said.

KNIFE-WIELD'NG YOUTH ROBS WOMAN

A 72-year-old woman shopkeeper, held at knife-point by a youthful bandit, was robbed of \$5 Saturday night.

Police listed the victim as Mrs. Yatta Herscovitz of 109 Parkview avenue.

Mrs. Herscovitz was in the living quarters behind the Parkview avenue store when the youth entered from the rear of the building.

"Keep still and don't yell or I'll throw this knife at you," he is quoted as telling the woman.

The thug then proceeded to the store, rifled the cash register of \$5 and left via the front door, Mrs. Herscovitz said. One dollar bill and assorted change was left behind.

Delay Selection Of Citizens Committee

Formation of a citizens committee to investigate site acquisition for future city, county, state and federal buildings here was put over to October 31 by the council Wednesday night at study session.

Mayor Joseph Verducci suggested that the study group be made up of a seven-man steering committee that would coordinate work for a larger committee composed of representatives of Daly City's civic, social and church organizations.

LET'S NOT RETURN 'SPOILS SYSTEM'

County supervisors are attempting to bring back the decadent "spoils system" in proposing that voters approve charter amendments A and B on November 6.

The amendments, if passed, would give supervisors what they mildly refer to as "the right to review civil service regulations and salary schedules." This, per se, appears to be a mere matter of overseeing the county's civil service operation. But let's examine the possibilities. What do the supervisors really want?

The county's 1600 civil servants, civil service commission, several unions and County Taxpayers Association Against The Spoils System are unanimous in opposing control by the supervisors. They argue that putting all civil service decisions in supervisory laps is a throwback to the spoils system voted out when the county civil service commission was established 14 years ago.

Amendments A and B, in effect, would reduce the civil service commission to a powerless body, leaving hiring and salary determinations to the caprice of the "political" few. Protestants of the measures also point out that approval of the changes would cost taxpayers \$2 to \$3 million extra within the next ten years.

In endorsing the amendments last week, the county grand jury completely neglected opinions of the five-man, supervisor-appointed civil service commission. It is blatantly evident county masters are aware the people to be affected most are united to defeat the measures.

We heartily advise a solid "NO" on A and B. "To The Victors Go The Spoils" belongs to the ages. And let this anachronism rest in peace.

Two For Tonight

By Leonore Brewer

We may just as well tell you right now that so far as the column is concerned, last week was a total loss. This is a black moment that comes around periodically in the life of every columnist and there are several different ways to live through it.

The most drastic way is to crib another fellow's work. Just lift it, word for word, and without benefit of quotation marks, put it under your own by-line. We know of two authenticated cases of this minor larceny, and one of them happened in San Francisco just a few months ago.

A more honest approach to the problem is to look around for the type of half-dead donkey that fits your column and try to get it on its feet by taking a few fresh whacks at it.

Pithy Remarks
A political columnist can delve into the Irish question; this is particularly good should he need a column around St. Patrick's day. The women's page writer can whip up a few pithy paragraphs on progressive education and permissiveness and be certain that she's raised a few blood pressures.

Then there's the theatrical columnist. He's got Hollywood and he's got it made. After all, there are only two sides to the Irish problem and ditto to progressive education, but Hollywood has as many sides as a polyhedron.

The taste level catered to by its product is always good for a few scathing words. Certainly, much of what is turned out is aimed several points below the lowest common denominator, but maybe it's what we all deserve. If these insults to the audience's collective intellect didn't make money, it wouldn't be long before the producers would learn the error of their ways most effectively—through their pocketbooks.

Star of the Year
Despite much evidence to the contrary, this write has always felt that the public would support better films, if given a chance. This brings us to William Holden's statement which we referred to last week and didn't get back to.

At the occasion of his receiving an award as "Star of the Year" from the Theater Owners of America, Holden said, "... good adult entertainment is needed because 'I am afraid the public is somewhat more intelligent than we tend to give it credit for being.'"

Like the rest of us, Hollywood is in business to make money. If it turns out adult fare, will they out-gross the sex and sand opuses? Which do you go to?

Something For Everyone

On Wednesday, October 24th, libraries throughout the country will be helping to celebrate United Nations Day by featuring books, pamphlets, magazines and other materials about the United Nations and its member nations. In keeping with this general trend, the Daly City Public Library and its Westlake-Broadmoor Branch are calling special attention to some of their books on this vital topic of public interest.

Among the basic sources of information on the United Nations and its structure and workings are **THE UNITED NATIONS, A HANDBOOK ON THE NEW WORLD ORGANIZATION**, by Louis Dolivet. Although written when the organization was still quite new, this book contains valuable general information on the purposes and structure of the UN. **CLARK M. EICHELBERGER'S UN: THE FIRST TEN YEARS**, is a survey of the successes and failures of the world organization, written by one of the men who helped draft the Charter. **THE UN TODAY**, edited by William W. Wade, is a compilation of important articles from various sources. A more personalized review is given in **TRYGVE LIE IN THE CAUSE OF PEACE**, by the first Secretary-General of the UN.

Charles G. Bolte was a member of the United States Mission to the United Nations from 1949 to 1952. In his recent book, **THE PRICE OF PEACE, A PLAN FOR DISARMAMENT**, Bolte draws heavily upon his experiences in that capacity.

Other books relating to world peace, foreign relations, and problems of individual countries are: **THE NEW DIMENSIONS OF PEACE**, by Chester Bowles; **THIS IS OUR WORLD**, by Louis Fischer; **AN INTRODUCTION TO AMERICAN FOREIGN POLICY**, by Edgar S. Furniss and R. C. Snyder; **BRIEF AUTHORITY**, by Edwin Stanton, a veteran of thirty-two years of foreign service in the Far East; **FACTS TO A CANDID WORLD**, by Oren Stephens, about the U. S. Overseas Information program; **HOW COMMUNISTS NEGOTIATE**, by Admiral C. Turner Joy, senior United States delegate to the Korean armistice conference; and **THE UNITED STATES AND ASIA**, by Lawrence H. Battistini.

Among the new books of interest to those concerned with the world scene at present are: **KOREA TOMORROW**, by Kyung Cho Chung; **CHINA: NEW AGE AND NEW OUTLOOK**, by Ping-Chia Kuo; **MOSCOW WAS MY PARADISE**, by Father George Bissonnette; and two top-notch books on India. **AT HOME IN INDIA**, by

SAFETY COUNCIL URGES HIRING OF 13 MORE POLICE

Recommendation that 13 more police officers be hired topped the list of proposals made to Daly City officials and civic leaders Tuesday by a representative of the National Safety Council.

John C. Hall, district representative of the National Safety Council, presented an annual report on Daly City's traffic safety status, in which he indicated the city's record compared favorably with other communities.

He recommended, however: Hiring of 13 more officers; more coordination between police department and traffic engineers; 50 hours or more traffic training for recruits; mandatory two-weeks training course in traffic administration for all supervisory officers; expansion of chemical tests for intoxication to include all drivers suspected of intoxication; establishment of a city commission to explore and recommend traffic safety measures.

Hall lauded the fact that Daly City went four years without a traffic fatality (an accident earlier this year marred the perfect record).

He pointed out, however, that in the most recent three-year period checked here by his group, injuries from auto accidents had risen by 39.

Hall's presentation in Daly City was part of the annual inventory and analysis of traffic safety activities in municipalities.

In addition to Hall and his secretary, Betty Simmons, others attending the meeting were: City Manager Howard Stites, Police Chief Roland Petroschi, Inspector Henry Sundermann, Fred Avilez, assistant to the manager, Dennis Huajardo of the Jefferson Elementary School district, Mrs. Katherine Balestreri of OLPH school traffic patrol, Melford Battye, Daly City-Colma Lions club, and Walter Brodie of the North San Mateo County Insurance Agents association.

Local Firemen Help Douse Burning Truck

Daly City firemen helped to extinguish a minor truck fire late Wednesday night on Lake Merced boulevard, 200 feet from the entrance of the Olympic Club. Rushing to the scene simultaneously were members of the Lake Merced station and a San Francisco fire unit. Fire Chief Elmer Kennedy, estimating the loss at \$75, said, cause of the blaze was undetermined since the owner of the parked vehicle was not in the vicinity at the time.

TWO INJURED IN THREE-CAR PILE-UP ON MISSION STREET

Two persons were injured Wednesday night in a three-vehicle pile-up on Mission and Price streets.

Driver of a pickup truck, Leon B. Beristanos, 18, of 21 Gambetta street, was cited for speeding and for following too closely behind another vehicle.

Police said the accident occurred when Beristanos piled into the rear of an auto driven by Charna Fox, 20, of 61 Park Plaza drive, apartment 6. Mrs. Fox's vehicle, stopped to allow a left turn by a car driven by Peter Anthony Cancilla, 30, of 683 Florence street was pushed forward into the Cancilla auto.

FISHERMAN PLEADS GUILTY TO JEFF LOITERING CHARGE

A 20-year-old San Francisco fisherman pleaded guilty in municipal court Thursday to a charge of loitering near Jefferson Union High school.

Robin Anton Alvarado, 1318 Geneva avenue, San Francisco, was sentenced to 10 days in the county jail or a fine of \$50.

The fisherman was arrested at 1:10 a.m. last Friday morning when officers spotted him parked on Mission street outside the school. Upon questioning, Alvarado said first that he was waiting to meet his brother and then that he was planning to see his 15-year-old girl friend at 8 a.m., according to police.

Technical charge lodged against him was "loitering where school children attend."

COMPLEXITIES of color television are here explained to a trio of Jefferson Union High school students by William Wagner, art director of KRON-TV (right). Fifty-eight art orientation and commercial art pupils, accompanied by teacher Ray Lorenzato, visited the studios last week to view a special demonstration of color television. Shown here with Wagner (left to right): Dave Calloway, 675 MacArthur drive, Broadmoor; Sandra Coleman, 1307 Escalero avenue, Pedro Valley, and Rosalie Santiago, 1049 Brunswick street, Daly City.

JEFFERSON HI ART STUDENTS VIEW COLOR TELEVISION DEMONSTRATION

It was a high school art class but the setting was unique as students from Jefferson Union High school were guests of KRON-TV last week for a special closed circuit colored telecast demonstration of the fundamentals of color television. Accompanied by their art teacher, Ray Lorenzato, 58 students from the art orientation and commercial art courses visited KRON-TV to watch a special color clinic conducted by William Wagner, art director of KRON.

For the first part of the demonstration the visitors were seated in the station's viewing room facing two television sets, one colored and the other black and white, so it was possible to compare the telecast and see for themselves the great contrast.

As they watched over the sets, Wagner appeared on the screens

and by means of cards and various colored backgrounds demonstrated the fundamentals of color telecasting, and explained some of the many problems. During his explanations he would stop and question the students, and although he was downstairs in front of the color camera there was a live microphone in the room, which relayed the students' questions.

For most of the young people it was the first time they had ever seen a colored telecast.

For three of the Daly City students, Phyllis Thur, 208 Hillside boulevard; Judy McCullough, 128 Werner avenue; and Dorothy Rider, 979 Hillside boulevard, it was really an exciting experience because Wagner invited them to come down and appear on camera. As their fellow students watched

over the television sets upstairs, each girl appeared on the screen.

As Wagner changed backgrounds the students were shown clearly how really tricky colored television can be as the girls' appearance was changed completely by the use of the various colored backgrounds.

Colored television is opening up a whole new horizon in the field of art. As Lorenzato said in talking to him following the clinic, "Such a demonstration will make a great difference in the application of what I've told the students in their art classes."

We feel it was an excellent demonstration and that it will certainly stimulate some of the young students to think about this exciting new field... colored television... as a career!

JOHNNY CIERNICK of East Vista celebrated his seventh birthday a little differently this year by taking his guests to the OLPH church dinner last Saturday evening. Their table was gaily decorated with party favor plus a birthday cake. Seen having a good time were Paul and Karl Vorsatz, Polly Carr, Michael Calegari, Ronny and Nicky Lacayo, Kristine Hansen, Mike Lafranco and Mary Ann Ciernick.

Last week was a busy one for MRS. JACKIE CASTLE on Abbot who entertained members of the BIRTHDAY CLUB at a luncheon, with your reported being the recipient of many birthday gifts. The many hair raising little jokes that Mrs. C. played will make it a day that I'll remember for awhile.

The next evening JACKIE was hostess for a tupperware party with Helen English (of Broadmoor) as the demonstrator. Guests were Mesdames: Fern Lawrence, Barbara Barker, Frances Riggart, Connie Nofziger, Dorothy Knox, Zella Heneise, Lee Leshner and Berly Nelson.

With Father Quinn officiating, little MARLENE JOAN, infant daughter of the CHARLES McQUIRES, was christened Sunday afternoon, October 7, at Holy Angels. Her Godparents are Mr. and Mrs. Dale McQuire (no relation to Marlene).

Ways of helping children understand to like others, without prejudice, were discussed by Gertrude Noar, National Director of Education for B'nai B'rith's Anti-Defamation League, at a recent meeting called by the county superintendent of schools.

Attending the meeting along with representatives from other

county school districts were Madge Wilson and Bernard Barrish of Laguna Salada Elementary District.

Miss Noar, accompanied by Stanley Jacobs of the San Francisco B'nai B'rith, described ways in which democracy may be incorporated into the classroom without the addition of more subject matter.

THE BEST OF RIDES—FOR FOLKS OR FREIGHT

Here's what put the magic in
the new kind of FORD!

It started with the "Inner Ford." When Ford planned this baby, they thought in terms of a car through-and-through new.

The wheels got smaller. This Ford is so new that even the wheels have changed. Now smaller and broader, they help you take off quickly.

The wheelbase got longer . . . so now you can choose between a Ford that's over 16 ft. long—or one over 17 ft. long!

The frame got wider. Side rails bow out to give a more stable, safer riding platform . . . a lower, sleeker silhouette.

The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives is the smoothest ever.

The handling got easier. Poised and balanced like a panther, this car has swept-back front suspension that works its magic when you need it most.

The power got hotter. There's a wide range of Silver Anniversary V-8's to fit every horsepower need . . . plus a new Mileage Maker Six.

"Six or V-8
the going
is great"

What put the magic
in the new kind
of FORD?

The new Ford Fairlane 500 (118-inch wheelbase). Longer, lower, larger than many medium-priced cars, yet lower in price than most of them!

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.

The body got quieter. It's the strongest body built for a low-priced car. No car in Ford's field has such generous sound-proofing.

The room got bigger. There's head room to spare for a two-ton-type hat. There's real stretch-out leg room, too.

The lines got sweeter. They have the Touch of Tomorrow. Each graceful contour says, "Let's go!"

The style got smarter. With this new-look Ford you have a car that belongs anywhere! All Fairlane models look like hardtops.

The value got greater . . . the price is still Ford low.

* A Special 270-hp Thunderbird 512 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 512 Super V-8 engine delivering up to 355 hp.

Mrs. Jamel Olson, the bride's sister, was matron of honor, while bridesmaids were Mrs. John Ferguson and Miss Candy Ringue. The trio all carried bouquets of red roses.

County To Appoint Delinquency Study Committee Nov. 5

A county-wide committee to assist in the prevention of juvenile delinquency will be appointed at a special meeting November 5 at 2 p.m. in Hillcrest Junior Hall, John S. Cowgill, chief county probation officer, announced this week.

Key representatives of law enforcement, schools, recreation, child-care agencies, clinics and churches will be invited to attend, Cowgill said.

"The purpose of this meeting," Cowgill said, "is to establish a county-wide committee to study ways and means of unifying and implementing present delinquency programs in our county in the interest of efficiency and effectiveness."

"In line with nation-wide trends, juvenile delinquency is increasing in our county. While we are not alarmists, we do want to be alert to the problems that apparently will be coming our way with increasing frequency in the years immediately ahead."

"There are cultural changes going on almost overnight in the over-all composition of our county and, indeed, in the entire bay area. These changes are having their effect upon our youth. It will be the job of this committee to examine the facts with an eye to what, locally, is causing juvenile delinquency and to recommend specific steps to be taken to meet the needs."

"Membership on this committee will be extended to representative young people in our county, since we expect to be talking with young people and not solely about them. I feel that the young people themselves have some of the answers to the many questions that will confront the committee."

Village Notes

By Gwin Mitchell

PL 5-0679

Somehow everyone seems to be occupied with projects these days. If it isn't adding on to a house or redecorating a room, it's changing the garden around or sewing something special or painting or getting involved with organizations of one sort or another. Well, it's good to be busy, and a look at the calendar is enough to make anyone move towards finishing a present project in good order, for Halloween is hovering, and Thanksgiving and Christmas follow too quickly after to leave much time for anything else. Not that you must start getting down the Christmas ornaments after you read this! But if aprons for aunts and dresses for daughters are on the list, get started on those!

As long as projects came up first, you ought to see Midway Murphy's new kitchen decor. Driftwood finish, with antiqued copper hardware, and brick wall-paper, and it's terrific. Vi and Vince are to be congratulated on good results of hard work. . . . Bunny Gillespie happened to tell us that she painted her kitchen, too; it's all white one, which gives unlimited possibilities for colors for canisters, utensils and the like. The room in question is located in a very nice house, complete with occasional "possum visitor," on Gilman. . . . Kay Loran teetered on the top of a ladder long enough to put the finish coat on the white trim of her 90th street home, and the Bill Stockslagers have presented their Wildwood residence with a smart dark gray coat. . . . By the sawdust in the hamburger, the nails in with the spoons, the tools on the toaster and the complete coverage of all available floor space, we know there is carpentering going on in our kitchen!

Popular Grass Valley

A summer note creeps in here with a talk with Gracie Krueger about the two months she spent in Grass Valley, savoring vacation till the last gasp, and about all the people in her Louvaine neighborhood who managed to get up that way too. Actually, the Kruegers rented a home in Nevada City, right on route 49, which they shared for a month with Jack and Helen Price and their six children. Jack and Roy K. commuted on weekends, and the rest of the troops held the fort all week. Other visitors included Aileen and Marlene Johnson and some friends from Belmont, and the Ganterts, Cheskeys, Florios and Warmoths were all staying up that way themselves at one time or another during the summer. Biggest thrill of all was the honest-to-goodness gold nugget the Kruegers found while panning gold—small, but a nugget!—and the 120 jars of jam and 28 quarts of frozen blackberries which came home, too!

Some birthdays came along for noting: Janice Williams of Manila turned 10, and she treated friends Mimi Green, Diane Rasmussen, Mary Ann and Colin Andro, and Gail Smith to "Okla-homa" with grandma Mrs. Cora Smith as chaperone. Lunch came first, and of course the traditional birthday staples. . . . Jay Elliott of Bradley reached the masterful age of 6, and celebrated by treating his class to cupcakes. . . . Mike Corso on Maddux counted up 7 years for himself, so a big day for the whole family came about, with a party first, and an 18-piece family dinner afterward. Guests at the party included Clifford Fox, Jimmy and Dickie Esnofo, Jack and Donny Mitchell, brothers Ricky and Tommy Corso, and cousins Steven and Jimmy Forsberg, and Carla and Chukie Pistochini.

Make Debuts

Some other people with birthdays, the very first one of all, are waiting to be introduced to their community, so without more ado, may we present: Karen Jean DeLeon, 6 lb., 3 oz. member of her family, which includes parents Joan and Richard, sister Diana and brother Ricky. . . . James William Cash, who lives up on Bradley with Phil and Kathleen, his parents, and Kathleen Joanne, his sister. He checked in at 9 lbs. . . . Anthony Arnold Cussary, brother to Colette Marie, and son to Zita and Anthony Sr. The young man is a Foothill dweller, and started out with 7 lbs., 10 oz. to his credit. . . . Edward Everett Hahn, IV, a 7 lb., 4 oz. young gentleman newcomer to Larchmont, where parents Ed and Marie and sisters Virginia and Katharine have been living for a while.

Wish we didn't have to say that too many people have been feeling flu-awful, plus more with sniffly sinuses and the like. Martin Orloff of Stewart, Harold Chivere of Maddux, Mimi Green

and Billie Buchanan of Manila, Geri Furst of Village Lane, and some young ones who live with our typewriter are on this list, and we wish them well, plus sending a fervent get-well wish to anyone else laid low.

Broadmoor Visitors

When Gilman's Paul Elliott had to leave for a business week in Washington, D. C., wife Doris spent the time showing the sights to Esther Peterson, a friend from Seattle, Washington. Esther hadn't been here in some 17 years, and found S. F. changed quite a bit. . . . Other visitors in our town included Robert Robinson and Howard Hartley, who were entertained by Billie Buchanan at her home one afternoon. Invited to meet the special guests were the Mesdames Millsap, Benson, O'Brien, Robinson, Crofton, and Orloff.

People come and go, and going in November will be the Harry Sterns, who will join other ex-Villagers in Millbrook Meadows. Many friends will be sorry to see them leave, but they are in visiting distance. . . . But lately arrived are Rev. and Mrs. John Bellinger, and already Mrs. B. has done some work for the United Crusade. Her husband is one of the pastors at Glide Memorial Methodist Church in S. F., and both of them are enthusiastic about their new community. At the moment, Mrs. Bellinger must stay in a wheel chair, as the result of a broken hip, but by the same token it was this accident which led the Bellingers out here in search of a house without stairs, and they are delighted with their new home. They've already had a few back yard barbecues, and have studied a map of the community so that they know just where what is, and have given their map a third dimension by reason of many a drive around. We'd like to welcome the Bellinger family, which also included daughter Suzanne, a freshman at City College, where she is taking up dental assisting. Son John is married and at UCLA.

Book Drive

Speaking of college reminds us of studying, and studying reminds us of books, and THAT reminds us to remind you that Oct. 24 is the kick-off date of the Book Round-up for the two area libraries. So check the bookshelves and those odd corners where Things Are Stored, and donate all the books you don't want which you feel would be of benefit to your community library. Check your paper for collection points nearest you. This is a good thing, we think.

Another good thing we learned of with pleasure was how much interest there is in the group of local communities in the Braille classes being given in San Bruno. Julia Eckert of Daly City, Lois Flaherty and Doris Mulerey of Westlake, Kay Mullen of Stoneford, Marion Wickham of Gilman, Patty Clarkson of Village Lane, and Claire Williams of Maddux are currently attending classes at the SB Legion Hall every Wednesday morning, where Betty Brudno is teaching them the hundreds of Braille symbols and contractions which open the world of books to the blind. After they have learned to Braille books, they will be able to assist the many other people in the county who translate textbooks into Braille for school children all over the state. A very worthy way to spend a Wednesday morning; bouquets to these women.

Greenhouse Plan

Tom Mullen will soon be home on Stoneford for vacation. Chief project (here they are again!) wife Kay has in mind for him is to build a greenhouse for her orchids. The raising of these spectacular flowers is a new interest to be added to Kay's many others, although she is a gardener of long standing. She belongs to that happy group who find gardening a release and a repose.

Should you happen to be on 89th street, you might be visiting Dorothy Tonissen, and if you did, you would notice the groups of small paintings on the walls. They were painted by her grandfather, who began this as a new interest at an age when many people think of stopping nearly everything. We thought the little pictures charming.

Another jewelry party—this time at Mary Jane O'Brien's up on Thornhill, with Mrs. Gracie Crofton, Bea Gantert, Billie Buchanan, Dolores Reed, Ann Duffy, Jean Cain, and Joanne Musto as guests. Of course, our town's own Hilda Stettler was the demonstrator. Wonder how many of the gals were doing their Christmas shopping early? Well, that's a com-

POSTMASTER MURPHY OFFERS ADVICE TO LESSEN XMAS MAIL ONSLAUGHT

Daly City post office employees are prepared to handle a record volume of Christmas mail which has been predicted this year on a national and local basis, according to Postmaster Vincent P. Murphy.

To expedite the movement of the mail, Murphy has made several suggestions and recommendations to the public, saying, "Everyone in the Postal Service recognizes the advantage of an early mailing for Christmas."

He listed various ways for the public to assist:

Parcels addressed to members of the Armed Forces overseas should be mailed as soon as possible, with a deadline of November 15, 1956. From personal experience, Murphy said, "There's nothing lonelier than a serviceman overseas when parcels are delayed from home."

Business firms should plan to make heavy mailing of catalogs and calendars as soon as possible with delivery dates before December 1, 1956. The postmaster pleaded with local firms to try to comply with this request.

The greeting cards into "local" and "out of town" bundles. Stickers for this purpose will be available in all stations of the Daly City Post Office shortly.

Use 3-cent stamps on greeting cards unless you know that the address is positively correct. A card with a 2-cent stamp will not be forwarded to an out of town address, unless guaranteed, nor will it be returned to sender.

The deadline for sure delivery of Christmas cards and parcels on the West coast is December 15, 1956. Murphy stated, while cards and parcels destined for the East should be mailed no later than December 10.

Following his arrest, Salguero was given a sobriety test which proved positive, police said.

Jackson Doubles For Trio To Give Merchants Loop Win

Bob Jackson's bases-loaded double pushed Westlake Merchants to a 7-3 victory Sunday against their old nemesis, Molkenbush Bros., and gave the local hardball club a perfect 1-0 record as the San Francisco Managers AAA league got underway at Marchbanks park.

Jackson pounded three hits in five tries and Leo Giennecchini pitched six-hit ball to give Coach Jack Ingles Westlakers the loop victory.

Giennecchini abetted his own cause with a double, after which he scored.

The Merchants play again this Sunday at Graham diamond, while Gateway Chevrolet will take to the Marchbanks diamond in other Managers league play.

BYA MIDGETS LOSE OUT IN SF TOURNEY SEMI-FINALS, 8-2

Broadmoor Youth Association's Midgets were knocked out of the San Francisco Midget Baseball double-elimination tournament at Margaret Hayward playground Saturday by losing a semi-final match to Ocean View, 8-2.

Randy Hix' squad succumbed to the one-hit hurling of Laville who fanned 11 and never was in trouble. Lose Bruce Hix whiffed eight but failed to muster enough plate and field support from his mates.

The BYA Midgets advanced to the semis Thursday as young Hix blasted two homers and a single and tossed a two-hitter to blank PALS of San Mateo, 6-0. Wayne Stroller's double and singles by Jerry Dorn and Bill Caster featured the nine-hit BYA attack. Caster spearheaded a twin-killing in the contest and Ron Johnson and Jerry Ward came up with spectacular fielding saves.

The BYA youngsters dropped their tourney opener to St. Philips two weeks ago, 3-1, but came back for their first win two days later as Hix whitewashed South Sunset, 5-0.

Colma, S. S. F. Play To Scoreless Tie

Colma school Trojans and South San Francisco, each plagued by an inability to hang on to sure touchdown passes, played to a 0-0 deadlock Friday in grade school gridiron play.

Besides missing the TD pass, Colma penetrated to the SSF five-yard line in the final seconds, only to be held there as the gun sounded.

Bruce Howard provided the Colma backfield with its best punch, while Gary Monyhun was cited as outstanding lineman.

This Friday the Colmans tangle with Burlingame at Marchbanks park.

Second ice skating party for the pack was recently held at Legg's School of Ice Skating on Ocean avenue in San Francisco.

SF ROOFER'S AUTO SMASHES INTO TOP OF HILL SIGNAL

Signal pole on the traffic island at Mission and San Jose was knocked down Monday night by a San Francisco roofer's auto.

The roofer, McKinley Carmack, 29, of 1253 46th avenue, San Francisco, was booked at the city jail on a charge of driving without identification. Carmack also was cited for driving without due caution. Bail was set at \$50, and the roofer is scheduled to appear in municipal court next Thursday.

Rams Thud Again, 39-0; 'Cubs' Next

Socked twice by 39-0 scores, Westmoor's budding varsity Rams have their horns sharpened for their first victory today (Friday) when they invade Palo Alto to battle an equally inexperienced Cubberly High eleven. Kickoff for the argument between the Peninsula newcomers is 3 o'clock.

Coach Dutch Meyer, though disheartened when his charges were trampled by well-stocked Los Altos Friday at Mountain View, has made several lineup changes and thinks it's about time for the Rams to click. Westmoor succumbed in its opener with Sunnyvale three weeks ago as six Ram starters played their first game of football.

Los Altos wasted no time settling the issue last Friday as the Knights pushed across four tallies in the first quarter thanks to three fumble recoveries on kickoffs. The Rams scrapped back in the second period, but fizzled on two marches inside the Los Altos 15 yard stripe. The Knights posted a 26-0 midway lead and coasted in the final two quarters using reserves.

Los Altos halfback Bill Denton was the individual standout, romping for three touchdowns in the first quarter and finishing with 154 yards on six carries. Meyer praised the work of quarterback

CSM FOOTBALLERS TEST SANTA ROSA IN BIG 8 SCRAP

Balanced on the league books at 1-1, College of San Mateo's griders travel to Marin county Saturday night for a Big Eight Conference tussle with Santa Rosa.

The Bulldogs dropped their first loop game Saturday to West Contra Costa, 13-0, as penalties and interceptions erased several CSM marches. The Richmonders tallied in the second and fourth quarters.

Santa Rosa, tied with the Bulldogs in league standings, was thumped by CCSF, 30-13, but swamped Modesto last week, 26-7.

The Mateans, who include several Daly City players, have a season mark of 1-3. They lost non-conference exhibitions to powerful L. A. Valley and Fullerton, but slapped Sacramento in their Big Eight opener.
